

**5 DAYS - CERTIFICATE PROGRAMME ON  
NATIONAL QUALITY ASSURANCE STANDARDS  
(NQAS) 2024 [PHYSICAL MODE]  
VENUE: AHA HOUSE, NOIDA (U.P)**

*We look for the best, nothing but the best in  
Management of Hospital and Health Services*

**7<sup>th</sup> to 11<sup>th</sup> MAY -2024 [Tuesday to Saturday]**

**JOINTLY ORGANISED BY:**

**HEWANTI NANDAN BAHUGUNA UTTARAKHAND  
MEDICAL EDUCATION UNIVERSITY DEHRADUN**

**ACADEMY OF HOSPITAL ADMINISTRATION**

## **NQAS PROGRAMME BACKGROUND**

As you are aware, that National Health Resources Centre [NHSRC] Ministry of Health and Family Welfare, Govt. of India has come up with its quality standards known as Standards for Public Health Facilities wef 2013. These are applicable presently for District Hospitals, CHC"s, PHC"s & Urban PHC"s. Additionally there are LaQshya, SUMAN, MusQan Standards.

Academy of Hospital Administration (AHA), the renowned & largest Professional Body of Hospital Administrators has been on the forefront of training providers for Quality Management Systems in Healthcare through its various capacity building programmes.

After its Flagship programme „PGC QM&AHO in 2007“, AHA has launched in year 2018, the certificate programme in "**National Quality Assurance Standards (NQAS)–For public health facilities**". This programme is beneficial to all healthcare professionals, managers, quality consultants as well for those candidates who already done QM&AHO PGC Programme from AHA. Programme is focused on upgrading the knowledge of the quality practitioners so that they can lead/ assist any healthcare quality assurance related project in public healthcare facilities. This also makes them more complete healthcare quality practitioners. NQAS has wide application & acceptability in public healthcare facilities in India.

The course has didactic learning methodology & case based learning sessions continuously guided by qualified experts on NQAS standards followed by a programme end assessment test of candidates, for certification purposes. There are no written assignments for submission in this programme. Through the course content & hands-on training sessions, participants will acquire the essential knowledge & skills to manage the quality needs of a healthcare organization in the current dynamic environment of hospitals

## **NQAS STANDARDS: A BRIEF OVERVIEW**

The following NQAS Guidelines and Standards have been launched by the Ministry of Health and Family Welfare, Government of India: Operational Guidelines for Quality Assurance in Public Health Facilities, 2013. The NQAS standards have undergone repeated changes/ up-gradation to include more departments and also to include more issues wrt quality & safety. The standards besides the following whole HCO certifications also applies for special aspects of healthcare delivery with few checklists- LaQshya, MusQan, Suman, AEFI Surveillance, Kayakalp awards.

**1. Quality Assurance in District Hospital:**

- a. 8 Areas of Concern
- b. 74 Standards
- c. 351 Measurable Elements
- d. 19 Departmental Checklists (More lists for special depts.)

**2. Quality Assurance in CHC:**

- a. 8 Areas of Concern
- b. 66 Standards
- c. 300 Measurable Elements
- d. 12 Departmental Checklists

**3. Quality Assurance in PHC:**

- a. 8 Area of Concern
- b. 50 Standards
- c. 251 Measurable Elements
- d. 6 Departmental Checklists

**4. Quality Assurance in Urban PHCs:**

- a. 8 Area of Concern
- b. 35 Standards
- c. 247 Measureable Elements
- d. 12 Departmental Checklists

**5. 5. Quality Assurance in HWCs (SC):**

- a. Eight (8) Area of Concern
- b. Fifty (50) standards have been defined  
These standards are applicable to both type A & type B sub-centre  
Expanded range of services (12 packages) are provided at facility level

The present set of guidelines have been prepared comprehensively beginning with areas of concerns, defining its standards, measurable elements & checkpoints both from service provider & service seekers aspect. There is a prudent mix of technical, infrastructural & clients' perspective while framing these guidelines. All States & District Programme Officers are required to utilize these guidelines for placing services as per the expectations of those who do not have the means to afford treatment & services from a private health facility. Implementing these guidelines in letter & spirit will help in achieving the desired outcomes.

## **SCOPE**

The course covers above National Quality Assurance Standards as issued by the Ministry of Health Family Welfare Govt. of India. This course also provides guidelines on the implementation of NQAS Standards, conducting assessments & use of quality tools for the sustenance of quality. Virtual facility rounds have been planned for better understanding of the standard requirements. DH, CHC, UPHC & PHC standards are covered. Practice sessions for better understanding of the concepts are also organized during this programme.
